WEST SIDE VICTORIOUS

Boast of East Siders as to
Their Powers Failed to
Materialize

SOME THINGS THE
SCORE DOESN'T SHOW

Final Tally Was 8 to 6—Local Celebrities Furnished Much Amusement—Proceeds Will Send High School Track Team to Rutland.

The boast of the stuck-up East Siders that they would beat the West Siders "to a frazzle" failed to materialize yesterday afternoon at the ball game on Island Park for the benefit of the fund to send the high school track team to the Rutland intercollegiate meet, for the West Siders took so kindly to the delivery of "Christy" Crowell in the last two innings that they whanged out five runs and won the game, 8 to 6, in spite of a belated rally on the part of the Easters.

The score tells a weird tale, but it fails to indicate the yell Judge "Tony" gave when he stopped the second of some very wild shots of the versatile Mr. Ober, who, when he was not keeping his catcher and the batsmen on the jump, the first to catch the balls and the last to dodge them, was catching the delivery of the erstwhile redoubtable Mr. Crowell, who, rumor has it, has an arm that has "gone back."

Likewise the score fails to show the center field play of Judge Frank E. Barber, who knowing well the reputation of catchers for throwing to center field in moments of temporary aberration of mind and momentary strength of arm, trotted in close on one of these occasions and caught the ball on the fly 20 feet back of the base and saved an extra base and an error for the West Side catcher. Also it fails to show how Judge Gibson's judgment of one fly ball was so off color that it landed 20 feet back of him before he realized that he was not going to catch it where he had planted himself for that enjoyable feat.

It cannot show the self-appointed manager of the West Siders, "Sandy," garbled in one of Glen Jones's coats in imitation of Brock's appearance on the third base line, nor does it tell of his orders to "have a couple more batters cozy there" when the bats were making merry with Crowell's curves in the last two innings.

It does show that there was some mighty good ball playing. Randall got into the game just in time to make the only two outfield catches that were made. Both infields had a lot of work to do and did it as well as some other infields we have seen recently. Of course there were mental slips as well as physical, for instance when Sherman, anxious to advance, stole second with Fitzgerald waiting a chance to get off that bag, and for mental slips it would not do to pass over George Wellman, who did such a clever job that one could not tell what he had missed intentionally and what unintentionally.

Besides the game there was a hand-dump 100-yard dash in which a half dozen participated and which Riley, from scratch, won by inches over Dunlevy, with Whitney third, both runners having a long start over the winner. The score of the game is for preservation along with the suits some of the players wore with the aid of shoehorns and great care:

BIGGEST SUNDAY OF BIGGEST CONFERENCE

Three Famous Englishmen, Dr. Morgan, Dr. Broughton and Dr. Jones, Will Be Heard.

(Special to The Reformer.)

EAST NORTHFIELD, Mass., Aug. 5.—The biggest Sunday of Northfield's biggest conference is being planned for the 10th. Last Sunday the auditorium was packed, and this Sunday overflow meetings on Round Top and in Sage chapel are probable.

The three speakers of the day are the three famous Englishmen, Dr. G. Campbell Morgan, pastor of the Westminster Chapel, London; Dr. Len G. Broughton, pastor of Christ church, London, formerly of Atlanta; and Rev. John Daniel Jones of the Richmond Hill Congregational church of Bourne-mouth, England. Seldom have three such Biblical expositors and powerful speakers been brought together on one day.

The first part of the general conference has been remarkable for its large attendance and the great enthusiasm shown, especially at the numerous song services. Nelson P. Cullen of Keene has had charge of the 7:30 song service, which has averaged an attendance of about 1500. Then there has been quartet singing, a special children's choir and a chorus of 200 voices.

The sensation of the day yesterday was an address by Rev. John Daniel Jones at the 11 o'clock hour. Mr. Jones had never before been heard at Northfield and he was known by a comparatively limited number of people, but he had scarcely started speaking before he was holding his large audience with a master hand and unfolding, in a quiet voice, the mysteries of the baptism of Christ. Mr. Jones is a leader of his denomination in England and is known as a most influential and scholarly expositor of the Bible. He has just completed the raising of a fund of 250,000 pounds for supplementing the salaries of ministers in small parishes of the Congregational church. The program was heavy, beginning with Dr. A. T. Robertson's course on Philippians at 8:30 and followed by Rev. John A. Hutton of Glasgow, a ministers' meeting conducted by Rev. J. Stuart Hedges of London and a song service led by George C. Stebbins of Brooklyn. In the afternoon Rev. Rockwell Potter of Hartford spoke at 4 in the auditorium and Dr. G. Campbell Morgan led the evening platform meeting. Dr. Morgan will continue his series of evening addresses for the rest of this week. Round top was given up last evening to the telling of the story of the Northfield schools by the principal of the Northfield seminary, Charles E. Dickinson.

THREE FROM HERE TO ATTEND CONCLAVE

Mr. and Mrs. George M. Clay and Miss Minnie E. Brown Will Visit Denver and Other Points.

The triennial convolve of the Knights Templar of the United States will take place in Denver, Col., next week, and among those in attendance will be Mr. and Mrs. George M. Clay and Mrs. Clay's sister, Miss Minnie E. Brown, of Brattleboro. Mr. Clay is eminent commander of Beausant commandery. It is expected that 100,000 visitors will be in the city. A prominent feature will be the parade Tuesday, when 15,000 or more men will be in line.

The Brattleboro members of the party will leave on the regular train Friday at 4:25, connecting at Greenfield at 7:10 with the special train carrying the grand commanderies of Maine and New Hampshire and Hugh de Payens commandery of Melrose, Mass., which will leave Boston at 3:45. They will arrive at Chicago at 5 p. m. Saturday and will take a trip about the city and over the Lake Shore drive. They will arrive at Omaha Sunday at 11 o'clock and in Denver Monday at 6 a. m. Monday, Tuesday and Wednesday will be spent in Denver. The departure from Denver will be made Thursday morning and the day will be spent in and around Colorado Springs. Friday will be devoted to an all-day trip to the goldfields of Cripple Creek and Victor.

On Friday evening Mr. and Mrs. Clay and Miss Brown will return to Denver and join the party of Most Eminent Sir William Brownwell Melish, grand master of the grand encampment, for a 10-days' trip by special train, which will include a trip through the Yellowstone Park, Salt Lake City and return to Chicago by way of Colorado Springs and Denver. The train is due to arrive in Chicago on the morning of Aug. 25 over the Chicago & Northwestern railroad.

The Brattleboro members will return independently, stopping at Detroit, where Mrs. Clay and Miss Brown have relatives, and making a brief stop in Niagara Falls and Albany. They expect to reach home on the evening of Aug. 28.

H. D. RYDER'S CAR CRASHED INTO FENCE

Owner Took Steering Wheel While Chauffeur Was Tinkering With Shield—Nobody Was Hurt.

A touring car owned by H. D. Ryder of Bellows Falls and operated by his chauffeur crashed into a fence while going down Sheldon hill in Ashby, Mass., Monday evening. Mr. Ryder and his party were on the way to Cambridge and were lucky to escape without being hurt. The machine was put out of commission and was taken to the Ford & Lyons garage on a big motor truck owned by the Silas Pierce company.

According to the reports made by the chauffeur he attempted to change the windshield just prior to the accident. Mr. Ryder took the steering wheel and as the chauffeur was adjusting the shield, the wheel got away from Mr. Ryder.

The machine then skidded and ran into the fence alongside the road, tearing up two posts and two lengths of the fence, stopping of its own accord within a few feet of a steep bank.

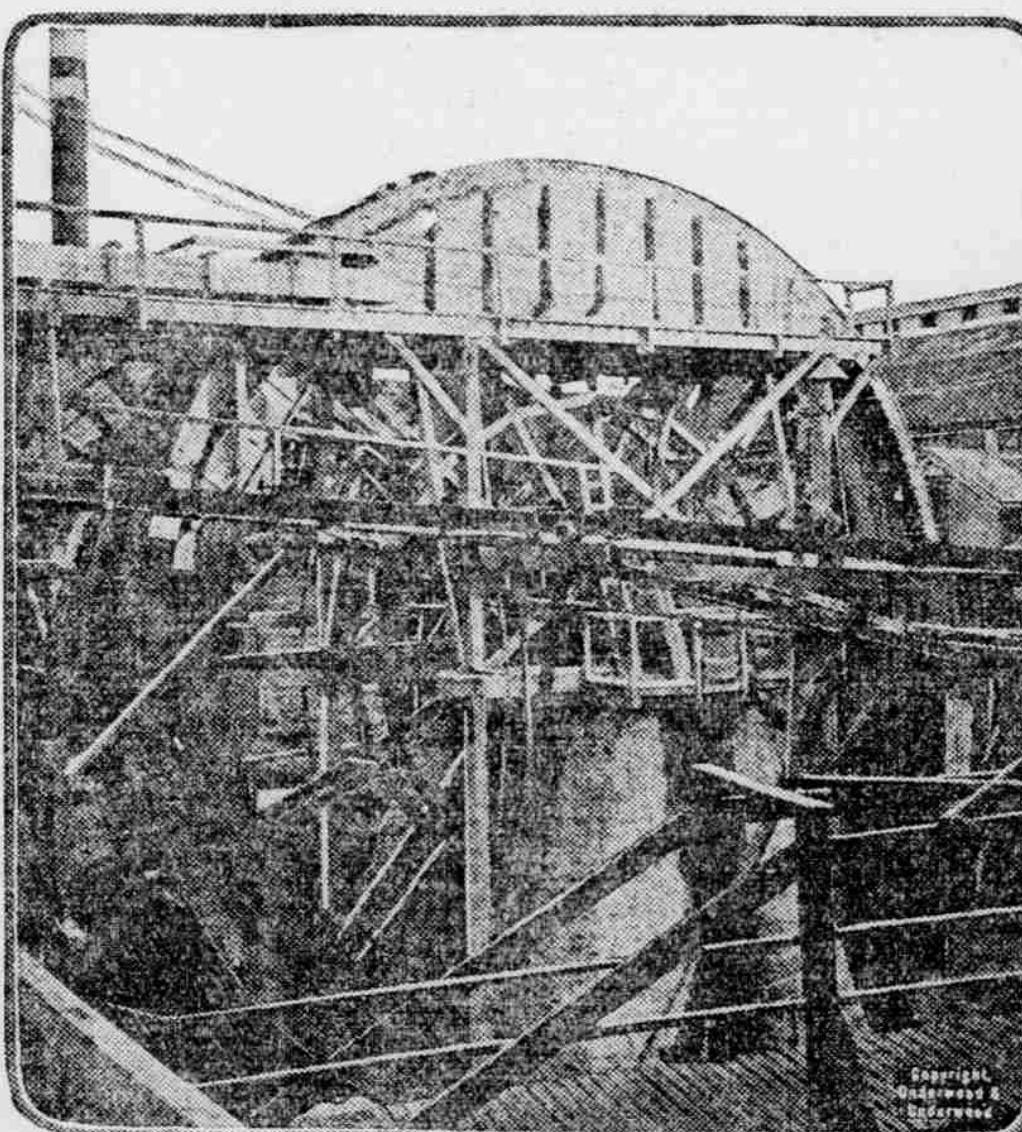

The Silas Pierce truck happened to be passing and the operator proffered aid. It was found impossible to tow the car. A big crowd gathered and in a short time enough help was volunteered to load the big car on the truck. It was then taken to the garage, attracting much attention as it passed through the streets.

The steering knuckle and mud guards were broken. The party remained over night in Fitchburg while the car was being repaired and resumed their trip yesterday.

Surely Impossible.
A wag the other day denied that John Bunyan was the author of "The Pilgrim's Progress." Being vehemently contradicted, "Nay," said he, "I question even if he contributed to the work; for it is impossible that a bunton could contribute to any pilgrim's progress."
